19 December 1956

MEMORANDUM FOR: Assistant Director for Current Intelligence
ATTENTION: [REDACTED] 25X1A9a
SUBJECT: Status of Air Defense Facilities in
Soviet and Satellite Areas

I am informed by the Director of Operations that it would be very helpful if your office or NSA by arrangement could call to the attention of Operations situations which arise in the future which indicate inoperative status of Soviet or Satellite air defense facilities regardless of cause or scope.

[REDACTED] 25X1A9a
Intelligence Requirements Officer
